

*Empowering Students to See
Their Own Potential*

The Education Partnership Committee's
mission
is to encourage local business leaders
to support and serve our students
through motivational and empowering
programs.

Education Partnership Committee

Bringing Education and Business Together for a Brighter Future!

*Empowering Students to See
Their Own Potential*

**Beach Chamber Members:
We are looking for
YOU!**

Mentors are regular people like you...

and they're united by one common goal:
to make the world a better place for youths.

~ *The National Mentoring Partnership*

As a business person in our community, you represent the real world to our youths, and can offer a powerful source of inspiration and motivation just by being part of their educational process.

We all have a story of how we made it from high school to where we are today. If we could share those stories and ourselves with a classroom of middle or high school students, be there every week, holding up the idea of success, helping students start to see their potential and their own road map to SUCCESS... *would it make a difference?*

You bet it would!

**If you have a TRUE desire to empower youths, and can devote 20-30 minutes 2 to 3 times a month to a classroom of students throughout the school year, then you have what it takes to be a Beach Chamber Mentor!
We will provide you with all the rest.**

For more information, contact Lynn Kandler at (850) 348-1137 or Lynn@PCBeach.org

"We want them to see what they can be!"

~ *Bay School Superintendent Bill Husfelt*

Who are Mentors?

They are adult volunteers who want to make a difference in a student's life. Beach Chamber members may apply to serve as a Classroom Mentor. After a background clearance and orientation training, mentors will work closely with a classroom of students at one of the designated Bay County High Schools or Middle School.

What is the role of a Mentor?

Business Leaders from our community can provide consistent and motivating relationships with a group of students by:

- Meeting two or three times a month with their class for 20-30 minutes.
- Sharing with students about the "Real World of Business."
- Talking and listening to students while showing them you care about their future!
