## Be one of our Classroom Mentors for the 2010-2011 School Year!

As a business person in our community, you represent the real world to our youths, and can offer a powerful source of inspiration and motivation, by being part of their educational process.

If you have a TRUE desire to empower youths, and can devote 20-30 minutes 2 to 3 times a month to a classroom of students throughout the school year, then you have what it takes to be a Beach Chamber Mentor!

**We will provide you with all the rest.**

**Please contact Skip Alford at
