

FOCUS ON THE FUTURE

Education Partnership Committee is Looking for Classroom Mentors

Mentor Orientation Meeting

Thursday, August 11th 10:00am

Nelson Building - School Board Building

Business leaders in our community represent the real world to our youths, and can offer a powerful source of inspiration and motivation by being part of their educational process.

We all have a story of how we made it from high school to where we are today. If we could share those stories and ourselves with a classroom of high school students every month, would it make a difference?

You bet it would!

Beach Chamber members may apply to serve as a **Classroom Mentor** for one of the designated Bay County Middle or High Schools. If you are interested in learning more about this new and exciting Mentoring Program, call Kristopher at the Chamber (235-1159) and join us on August 11th. RSVP to Kristopher@pcbeach.org.

*Empowering Students to See
Their Own Potential*
